FOURTH OF JULY CELEBRATION IS UNQUALIFIED SUCCESS

U. S. Infantry Position Pocketed by Tanks

FIRST COMBAT FOR YANKS IN SOUTH KOREA

Fate of Trapped Americans Is Not Reported to U. S. Advanced Headquarters

LARGE FORCE MOVING

By The Associated Press
Tokyo, July 5—Tank-led North Korean infantry today pocketed an American infantry position south of Suwon.

That happened after the Communist tanks apparently had been turned back in a duel with U. S. artillery.

It was the first combat in Korea for the GIs who were rushed into action to try to save the faltering South Koreans.

The action occurred some miles south of Suwon, which the Reds captured yesterday.

The fate of the trapped Americans was not reported to U. S. advanced headquarters in South Korea. That report came from Associated Press Correspondent O. H. P. King. He added:

Reports of the surprisingly quick Red maneuver came not long after the American commander in Korea, Maj. Gen. William F. Dean, had gone to the front to try to learn details of the tank-artillery duel.

In that engagement, two tanks were reported knocked out and the other six retreated.

But the surviving tanks bypassed the artillery, then cut in between the forward gun positions and their supporting infantry.

An undisclosed number of South Korean troops also were trapped—between the tank-led Red infantry and their own defense lines.

A. U. S. Hanson plane said a Red force of undetermined size was moving southeast from Suwon.

Earlier, General MacArthur's headquarters said American planes had destroyed seven and damaged four North Korean aircraft in the 11-day old war.

American forces went into action against a North Korean force presumed to be south of captured Suwon. The Korean force spearhead was estimated at around 40,000 men.

Announcement of knockout of the tanks came from a high source at the advanced American base in Korea. It was confirmed here, partly by an army spokesman and the Korean defense minister, Sihm Sung Mo.

The advanced base spokesman told Associated Press Correspondent O. H. P. King that no direct communication from the American force engaged in battle had been received. He said his information came from Korean sources.

General MacArthur's communique announced the air victory. It listed seven Korean planes destroyed and four damaged.

MacArthur's headquarters estimated the Communists have between three and four divisions south of the Han river, which had been the South Korean defense line until the Reds broke through. The Reds were involved in an enveloping action near the American positions.

More U. S. heavy bombers were being prepared for action. The navy is expected to strike with carrier planes, shortly.

MacArthur's communique reported the Reds had lost, in addition to the seven destroyed planes, eight armored cars, 118 trucks, 22 locomotives, 18 box cars and seven tanks.

CROWNING OF THE QUEEN—Council President Bill Rice places the official crown on Peggy Hartweg, Queen of the Community's Fourth of July Celebration. Watching the ceremonies are members of the Queen's court (left to right) Evelyn Jane Wilson, Carol Anne Scott, Gloria Ann Colvin and H. Collette Mangus. (Times-Mirror Photo)

PLANES SENT INTO ACTION FROM CARRIER

American and British Craft Make Slashing Attack On North Korean Targets

SOME ARE DAMAGED

Tokyo, July 5—(AP)—American and British carrier planes made slashing attacks on North Korean military targets Monday and Tuesday, General MacArthur announced tonight.

It was the first use of carrier planes in the Korean civil war.

The planes were from the carrier Valley Forge and the British Triumph.

They hurled their fiercest attacks on Pyongyang, capital of the North Korean Communists.

Two Russian-supplied Yak fighters were shot down Monday, the communique said, and six Yaks and two Li-2s were strafed on the ground Tuesday.

There were no personal casualties during the two day strike, MacArthur added.

Vice Adm. Charles T. Joy, commander of naval forces in the Far East, called the raids "highly successful."

The strike was directed by Vice Adm. Arthur D. Struble, commander of the U. S. Seventh fleet, to which the Valley Forge is attached.

The naval fighter planes heavily damaged the building and hangar at the east end of Pyongyang airport, reported to be the base for most of the north's air operations.

Earlier today, MacArthur's headquarters announced seven North Korean planes have been destroyed and four damaged in U. S. Army air strikes.

Simultaneously, the U. S. Air Force was preparing to send more bombers into action.

The carrier planes bombed and machinegunned the main railroad bridge crossing the Taedong river near Pyongyang, the communique said.

Pilots said they watched the collapse of one of two rail bridges they attacked.

They reported direct bomb hits on the northern span of the Taedong river railroad bridge and its north and south approaches.

The navy fliers found one troop train which they strafed and rocket bombed.

Chinnampo, Pyongyang's port, 30 miles southwest, came under attack.

"Large fires were started there," said MacArthur's communique.

Rolling stock and installations at the rail marshaling yards north of Pyongyang suffered "moderate to heavy bomb and rocket damage." Two gunboats on the Taedong river were strafed.

Anti-aircraft fire damaged two American planes, but they returned to their carrier.

Relief Recipients Ordered To Work

New York, July 5—(AP)—A similar scene in New York had not been seen since the depression of the 1930s—men on home relief lined up outside the municipal lodging house today for city "made work."

Welfare Commissioner Raymond M. Hilliard had directed several hundred relief recipients to report for work. There are city jobs available for them as watchmen, messengers and laborers to clean up streets and vacant lots.

The project was authorized by the state legislature with the provision that relief recipients who refused to work after being found able to do it would forfeit their relief payments.

At 7:30 a. m. there were 30 men in line, but 12 of them were not on relief.

New York Police Baffled By Mysterious Shooting of Fan In Polo Grounds Stands

New York, July 5—(AP)—A bullet aimed by chance or incredible marksmanship whizzed through the Polo Grounds yesterday and struck one of 40,000 baseball fans dead in his grandstand seat.

Twelve hours later part of the 40 detectives working on the case found several empty 22 caliber shells on the roof of a nearby apartment building—and a 22 target pistol and two 22 rifles in an apartment one floor below.

They questioned a 14-year-old negro boy who lived in the room with his grandmother, but said he denied any connection with the holiday shooting.

He was detained for further questioning. The victim was 54-year old Bernard Lawrence Doyle of Fairview, N. J., a former fight manager who launched James J. Braddock on the path to the world's heavyweight championship.

Doyle, in straw hat and shirt-sleeves, was sitting in an upper left field stand with a 12-year-old neighbor boy, waiting to root for the New York Giants when they opened their Fourth of July doubleheader with the Brooklyn Dodgers.

He was watching the Dodgers' pre-game batting practice when his close neighbors heard a "pop" like a paper bag breaking, and saw Doyle slump back in his seat. They assumed he had been taken ill suddenly, but then saw blood rush from his ears. There was a small hole in his left temple. The bullet had passed through his brain and lodged in the other side of his skull. He died instantly.

An autopsy was ordered later today to recover the bullet.

Police said the shot could have been fired up to half a mile away. Forty detectives were ordered into the needle-in-the-haystack search. Doyle, who had been working for (Turn to Page Eleven)

Bandit King Slain By Commando Police In the Hills of Sicily

Palermo, Sicily, July 5—(AP)—Salvatore Giuliano, Will-o'-the-Wisp bandit king who proclaimed his own Sicilian government and taunted Rome for its desperate seven-year attempt to run him down, was shot and killed in his mountain hideout just before dawn today.

The Italian government said the death of the colorful 28-year-old Robin Hood of the hills meant the end of banditry in Sicily.

Commando police were hot on the heels of Giuliano for the past two weeks. In the last few days they closed in, surrounding him in his lair in the hills of Casteve-trano, 50 miles from Palermo.

Giuliano tried to shoot his way out. (Turn to Page Eleven)

Accidental Deaths Strike Down 739 Persons In Nation Over Long Holiday

By The Associated Press
Accidental death struck down at least 739 Americans during their four day Independence Day week end. The toll was much higher than expected, and rocketed toward the all-time high set in 1938—761 deaths.

Citizens died in traffic crashes, by drowning, and by miscellaneous accidents at a little better than one every 10 minutes during the 102 hour period between 6 p. m. local time Friday and last night at midnight.

Highway smashups claimed 458 lives in what was predicted as the biggest U. S. traffic jam in history.

Water deaths totalled 168. Miscellaneous kinds of mishaps killed 113.

No one was reported killed in Fourth of July fireworks tragedies, but the other deaths were tied in with Independence Day celebrations.

The National Safety Council had predicted that 385 would die in traffic crashes. But the toll mounted and mounted as the holiday drivers coursed along the highways.

Mid-way through yesterday, as death figures kept piling up, Ned H. Dearborn, council president, is (Turn to Page Eleven)

Traffic Mishaps In Boro and County Well Below National Average on Holiday

Traffic mishaps in Warren borough and county were well below the national average over the holiday, with city police reporting only two minor accidents, and the same number being reported to state police.

Sgt. James Vaughn said today that the only two accidents to come to state police attention happened Monday evening and early yesterday morning.

About 9 p. m. Monday, cars operated by Robert Saline, of St. Marys, and Donald W. Knoch, of Canton, O., collided at the intersection of Route 62 and the Kiantone Road near Akeley. Saline was proceeding north on No. 62 and attempted to enter the Kiantone Road as Knoch, proceeding south, was rounding the curve. There were no injuries and damage was estimated at \$200. Saline was arrested for failure to yield the right of way.

Sometimes during the early hours of yesterday morning, a car owned by Clifford Kammerer, of Warren, parked at his summer home on the Warren-Kinzua road, was struck and damaged about the rear end by an unknown driver. Damage was estimated at \$100.

In Warren borough, police pried apart two cars which had locked bumpers at Pioneer and Orchard street about 3:30 a. m. yesterday. There was no damage.

At 5:45 p. m. yesterday, a car operated by Lorrin F. Carlson, of Clarendon, was struck in the rear by another car operated by Melvin W. Haag, of Grand Valley. The accident occurred at Pennsylvania avenue, west, and Water streets. Mrs. Marie Osgood, a passenger in the Carlson car, was treated for minor injuries at the office of Dr. Fino. Damage was small.

QUICKIES By Ken Reynolds

"Snap just one picture—and your hobby will be sold with a Times-Mirror Want Ad!"

Crowd Estimated at 35,000 Witnesses Colorful Parade; 7,000 See Drum Corps Event

Say, wasn't that a king-sized firecracker of a Fourth of July celebration here yesterday?

And the wonderful way the weathermen cooperated—spacing the showers between the big events until the awning got too full and came apart at the seams just about fireworks time. Didn't it rain in a hurry, though. A lot of folks got a ducking, but they took it with a grin. Most of them were dog-tired enough to go right home and drop into bed.

Just for the record, let's see if we can remember what events have taken place since the Community Celebration got under way.

A fitting opening ceremony was the Vesper Service held on the lawn of Beatty Junior High School Sunday night under the auspices of the Warren County Ministerial Association.

Then on Monday night there was the crowning of the Fourth of July Queen, Peggy Hartweg, and official recognition for members of her court, Gloria Ann Colvin, H. Collette Mangus, Carol Ann Scott and Evelyn Jane Wilson. Bill Rice, president of Town Council, with an able assistant, Mrs. Rice, handled the crowning ceremonies with a master touch.

Following the crowning of the Queen, there was a two-hour Variety Show, with a brief array of performers being introduced by the Co-M.C.'s, Chuck Tranter and LeRoy Schneck.

Concluding Monday night's program was a well-attended street dance on Second avenue, with Bill Barr doing the calling to music by Harry Summers' 15-piece band.

The celebration swung into high gear Tuesday morning at 10 o'clock when the Earlescourt Canadian Legion Pipe Band from Toronto placed a wreath on the Soldiers and Sailors monument near the Hickory street bridge as a gesture of international goodwill.

Judges under the supervision of Mrs. William E. Rice awarded first prize of \$200 to Cub Scout Pack 47. The Cubs were seen behind gaily decorated bars in a giant wild-animal cage. Second prize of \$100 went to Emblem Oil Company's beautiful Statue of Liberty, while third prize of \$50 was awarded the Phelps Appliance Company of Warren for its handsome kitchen display.

But wait, the day's activities are not completed yet. A large crowd was on hand at Beatty field last night at 7 o'clock to watch the Warren and Jamestown Model Airplane enthusiasts stage a two-hour exhibition of gasoline-powered model flying.

By the time darkness fell, there were some 5,000 people at Beatty field to watch the fireworks. But the weatherman just couldn't hold back the showers any longer. A few of the aerial salutes were touched off when down came the rain all at once, sending the crowd scurrying for shelter.

Queen Peggy and her court members also got a ducking, but in true regal tradition, she ignored the showers to preside at the grand climax to the celebration.

Golly, what a Fourth of July program that was. And we would ask bosses to go a bit lenient on the celebration committee members and the work crews if they happened to show signs of weariness. (Turn to Page Eleven)

PROTECTION OF SEA ROUTE GETS PRIORITY

Ships of the United States and British Navy and Patrol Planes Scouting the Waters

OTHERS ARE ON WAY

Washington, July 5—(AP)—Protection of the all-important sea route linking Southern Korea with Japan is getting high priority in the far east war operations.

Ships of the United States and British navy and land-based patrol planes of the American navy are scouting the waters along the Korean coasts and the sealane across to the southern port of Pusan to keep them swept clear of raider vessels or aircraft.

The expected arrival of an Essex class carrier in the area will augment this protective cover for the supply ships and troop transports upon which the heavier part of the military build-up in Korea hinges.

Dispatches from the far east and reports at Washington indicate, that up to now the only menace has been from small surface craft, chiefly of the motor torpedo boat type, and the North Korean air force. A communique yesterday by the far east command said that "transportation of munitions, material, supplies and troops from points in Japan to Korea, continued unmolested throughout the day."

No one here was inclined to bury, behind easy victories of, cruisers over motor torpedo boats, the possibility that submarines might enter the picture. As far as is known, the North Korean navy has not included submarines, but there has been speculation that such craft could be transferred to the North Koreans' powerful friend, Russia.

At Washington, Pentagon briefing officers said yesterday they had received no information on what types of aircraft were being used by the navy in the anti-submarine and surface vessel patrol. They assumed the planes were land-based. (Turn to Page Eleven)

TRAFFIC HALTED BY STRIKE IN BUFFALO

Buffalo, N. Y., July 5—(AP)—A strike by 1,700 bus drivers and mechanics today halted public transportation for approximately 800,000 residents of the Buffalo-Niagara Falls area.

Officials of Local 1342 of the AFL Amalgamated Association of Street, Electric Railway and Motor Coach employees were not available for comment.

The union seeks a 32-cent hourly increase in the present rate of \$1.38 an hour. Holiday pay and other fringe issues also are in dispute.

The company originally offered a boost of three cents an hour. This was increased during negotiations.

Sunray Stock and Equipment Are Badly Damaged After Fire Sets Off Sprinkler

Damage estimated at \$20,000 on first survey was caused to stock and laboratory equipment of the Sunray Electric Corporation about 1:30 a. m. yesterday from a small fire in an electric motor which in turn set off sprinkler heads on the fourth floor of the plant.

The sprinkler alarm failed to sound off, and when firemen arrived to quench the motor fire, the building was thoroughly soaked. It is not known how long the sprinkler system had been flowing.

The fire was discovered by city police on night patrol, when they smelled smoke and investigated. They radioed the fire department and stood by until equipment reported at the plant.

A motor on the third floor, used to power stirring equipment which runs constantly, caught fire and burned through the floor, landing on the second floor.

When firemen arrived, there was about four inches of water on the first floor of the building, all of which had seeped from the fourth floor where the sprinklers let go. Firemen used the ladders on the new aerial truck to enter windows on the third and fourth floors to get at the fire.

Officials at the plant said that the loss is covered by insurance, and that it consists principally of finished stock of lamps, laboratory equipment and books. A thorough inventory was started this morning to set a definite figure.

Equipment returned to stations shortly after three o'clock. At 12:58 p. m. yesterday, the emergency truck rushed the rescuistator to Jefferson and Cone wango where Frank Tremblay, Warren RD 2, had suffered a heart attack. Mr. Tremblay had been removed to Warren General Hospital before the equipment arrived, and his condition is reported as good this morning.

While returning from the rescuistator call, firemen received a radio call from War Memorial Field where Robert James, 100 Fourth avenue, had fainted while watching the drum corps competition. He was taken to Warren General Hospital and discharge following emergency treatment.

At 2:58 p. m. yesterday, equipment was called to the store of Stewart Lyons, 500 Water street where an electric coffee pot caused a blaze. Firemen used a boost line on the fire. Residents of the building turned in the alarm when smoke was noticed. Only the coffee pot was lost.

Fire activities concluded at 10:08 o'clock last evening when false alarm rang in from Avert street.

New Construction On Roads of State Will Set a Record

Harrisburg — The great ad- vance in proportionate share of the Motor Fund dollar devoted to new improvements recorded dur- ing the first fiscal year of the present Administration was fur- ther extended in the last fiscal year ending May 31, Secretary of High- ways Ray F. Smock reported to Governor James H. Duff today.

The total spent for construction, reconstruction, resurfacing, widen-

musicians who donated their ser- vices for the street dance Monday evening, which proved so enjoy- able. In addition to Summers other members of the band were Simms Molay, Joe Anzalone, Charles Armstrong, Dr. J. Gunta, LeRoy Johnson, Henry Christen- sen and Jean Foster the vocalist.

Estimates of the number who witnessed the parade range from 20,000 to 35,000. The streets were lined a half dozen deep the entire distance from Union street over Pennsylvania avenue, Con- wango avenue and Third.

The head of the parade arrived at Beatty School 25 minutes after at left Union Street. The last di- vision passed before the reviewers at Third avenue about 12:45 o'clock.

Janice Simmons, beauty consul- tant, 416 Fourth avenue, gave the queen and members of her court a face dress and present of lip- stick in addition to the other gifts they received.

Entries for the parade continu- ed to pour into the hands of the committee up until late Monday afternoon. Among the last to be received were Nichols & Son, west side service station, and Mon- tana Knupp's 50-year-old popcorn wagon.

A large group of Jaycees with a few volunteers, including Claude Feiro, school janitor who donated his services, spent a busy after- noon and evening Monday erecting the bleachers for the program Tuesday afternoon.

The folding chairs secured by the committee to be sold as re- served seats proved very popular with patrons. Incidentally the "field committee" had one of the hardest jobs in the organization, and met a number of emergency situations with tact and ability that would do credit to veteran celebration workers.

The police department deserves a word of praise for the manner in which the large crowds were handled. Considering the thous- ands who were in town for the various events it is almost a mir- acle that no serious accidents oc- curred.

The committee is indebted to Harry Summers and his seven

Times Topics

LADY ASSISTED

A lady who resides on Fourth avenue, and who suffered a fall near her home Monday afternoon, was assisted by city police when she was unable to arise by herself. She was taken home by officers.

CALLS SPECIAL MEETING

Gerald Rickerson, president of the North Warren Civic Club, has called a special meeting of all members for Thursday evening at nine o'clock in the community house.

MARRIAGE LICENSE

An application for marriage li- cense was made Monday at the of- fice of Recorder Don Schuler in the Court House by Andrew My- ron Arp, Warren RD 2 and Doris Covell, Warren RD 1.

AREA FATALITIES

Two fatalities were recorded in the area. At Bradford Sherman Shank, aged 20, was killed when he lost control of a motorcycle he was riding, and Jack Vto, 5, of Kane, was killed when he ran onto a highway near Bristol.

COMMUNION SERVICE

Contrary to previous announce- ment, there will be a service of the Holy Eucharist at Trinity Memorial Church at 10 a. m. Thursday, with the Rev. William A. Chamberlain, vicar, as the cele- brant.

WATCH IS FOUND

An inexpensive watch was picked up on the sidewalk in the down- town section Tuesday. Further in- formation about the same may be had if the loser will contact the editorial rooms of the Times-Mir- ror.

MAN INJURED

Albert Rosequist, of Tidoute, was admitted late Monday eve- ning at Warren General Hospital where he is suffering from scalp lacerations and fractured ribs, sustained from an unknown cause. Two women motorists noticed Rosequist lying alongside the de- tator road near the Peneltec gen- erating plant at Starbrick and took him to the hospital. Whether he was struck by a passing car or had fallen over the bank is not known.

INCIDENTS LIGHT

Reportable incidents at police headquarters were remarkably light over the weekend and holi- day. A drunk was picked up on the east side at 7:15 p. m. yester- day; another was found near Beech street about midnight; and police pacified a street fight in Times Square shortly after mid- night. Other calls included kids shooting firecrackers on the east side; a family battle on the east side early this morning; and kids pelting motorists with bean shoot- ers last evening.

Birth Record

Mr. and Mrs. Frank Foster, 5 Maple Place, a son July 5.

PERSONAL ITEMS

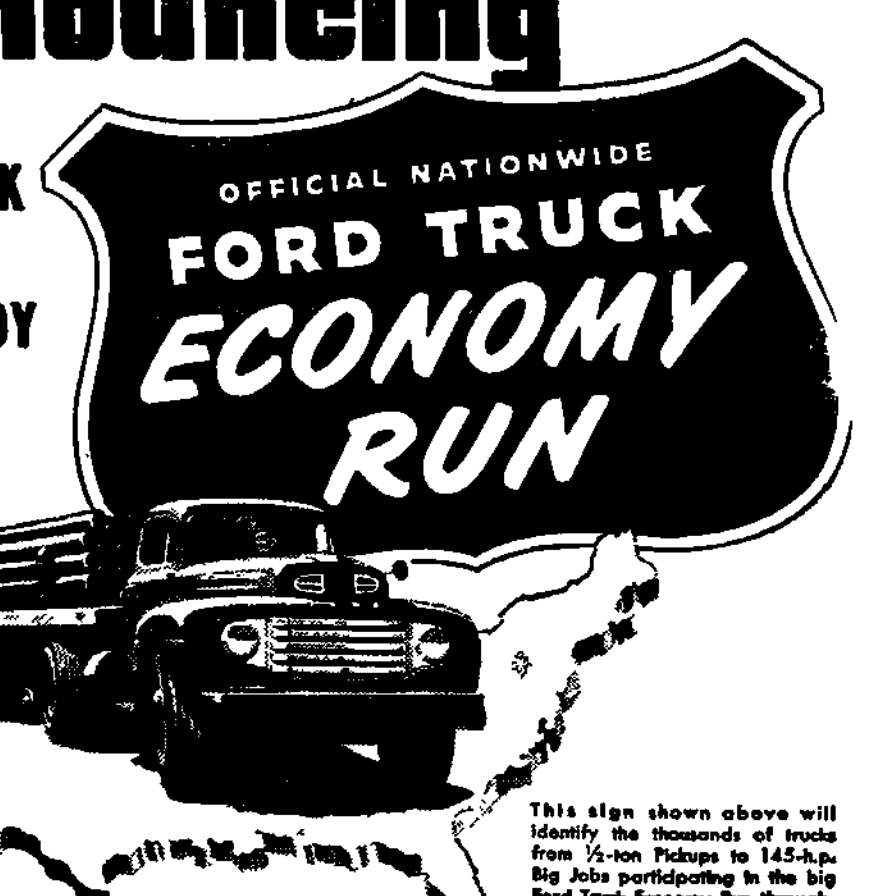

Mr. and Mrs. Alan Smith, of Oakland, Calif., who are spending the summer with eastern relatives, are at present guests of the lat- ter's sister, Mrs. M. J. Putnam, and family, 128 Mill street, Youngsville.

FINGER CUT

Newton O'Dell, 11 Grant street, was given emergency treatment at Warren General Hospital yesterday for a laceration of the left index finger, sustained when he was sharpening a knife. Two sutures were required to fix the wound.

CASE CLEARED

Charles Jackson, Jr., Stanley Jackson, and Gladys Farnsworth, all of Russell, RD 2, were discharged with the withdrawal of a complaint against them by Frances Jackson during a hearing held before Justice of the Peace Tracy Greenlund on Monday. The trio had been charged with threats.

NAVY ENLISTEES

According to the U. S. Navy Recruiting Station in Jamestown, two more area men, Lewis VanOrd and Robert Lloyd Cowles, both of Akeley RD 2, have been enlisted for duty and will be assigned to the Great Lakes Training Station for basic. At the completion of their recruit training, they will have a 12-day leave at home before assignment to trade school.

PICK UP PANS

Mrs. Walter Mathyer, head of the PTA community party committee, reminds that those who have not picked up pans and cake plates from the benefit social should do so this week. Beaty building is open from 7 a. m. to 3:30 p. m. and the utensils may be picked up there. Anyone who has a pan not belonging to her should call 1439-R, Mrs. Mathyer states.

RENT OFFICE HOURS

Regular schedule of rent office hours in Warren will be resumed on Thursday, July 6, in Room No. 12 of the Post Office Building with hours from 10:00 to 12:00 a. m. and from 2:00 to 3:00 p. m. each Thursday it was announced today by Frank S. Anderson, area rent director. Anderson indicated that travel restrictions during June, occasioned by lack of funds which forced elimination of regular office hours, have now been lifted by the National Office.

TRAFFIC RESTORED

Traffic on the Pennsylvania Railroad, temporarily tied up by a wreck at Irvine Sunday afternoon about 1:30 o'clock, was fully restored by mid-afternoon on Monday. Large emergency crews were rushed in and four cranes cleared the tracks in order that section men could lay new rails. The wreck was caused when a northbound freight on the Pittsburgh-Buffalo run collided with an eastbound ore train on the Renovo division. No one was seriously injured.

ATTENDS SCHOOL

Howard M. Landers, of Warren, was among those registered for the third annual water works school at Pennsylvania State College June 26-30. He was enrolled in the advanced course, which was designed to acquaint men in the field of sewage and waste treatment with practices essential to proper, safe, economical operation of a treatment plant. The school was conducted by the School of Engineering at Penn State and was sponsored by the Pennsylvania Department of Health, the Pennsylvania Sewage and Industrial Wastes Association and the Institute of Local Government at the college.

Allegheny Forest Is Given Fine Boost In "Esso Road News"

The nearly half a million acres of fine timber that form Allegheny National Forest in northwest Pennsylvania embrace several stands of virgin forests that are outstanding examples of the primitive beauty of Penn's Woods says the current issue of Esso Road News, monthly travel paper. Now being distributed by Esso Dealers throughout several states, the publication contains articles about many other places of interest to motorists, a calendar of coming events and a detour map showing construction work on main highways.

Esso Road News goes on to say: In almost the dead center of the forest is the Tionesta Natural and Scenic Area, a vast tract of untouched hemlock and hardwood on a forest road running south from Ludlow. Another is Hearts Content Natural Area, where you can stroll beneath white pine and hemlock three centuries old.

At Hearts Content is a wide meadowland decked out for picnickers. From an eighty-foot fire tower you can pick out many of the landmarks of this 120-acre tract. Hearts Content, midway between Sheffield and Tidoute, can be reached by forest roads. Nearby is Sandstone Springs, where an encircling grove of tall white pines and oaks is now a picnickers' haven.

Most accessible is Twin Lakes in a woody valley, 7 miles southeast of Kane and just off US 219. A seven-acre expanse of water, fed by mountain streams, provides swimming, as well as pleasure outlook from the spacious picnic grounds. Sandy beach, bathhouse, picnic tables and shelters round out the facilities.

The vanished lumbering town of Loleta is now site of the recreation area of that name, southeast of Marienville. Swimming is again the feature attraction in a creek-fed pool, which fritters away to a shallow area ideal for waders. In addition to the usual picnic facilities, Loleta has a large sports field, and its campground, with room for fifteen tent sites, has spring water.

North of Loleta is Kelly Pines, treasured for its seclusion. The dense woodland setting, punctuated by jagged crags, is watered by limpid Wolf Run.

Hikers, particularly, are attracted to Allegheny Forest Camp, situated conveniently on Route 59, just 7 miles east of Warren. South of Bradford, on Route 219, hemmed in by tall hemlocks and large boulders, is the Kennedy Springs Camp and Picnic Grounds.

Special campfire permits for use in the undeveloped areas, a map, and descriptive material are available from the Forest Supervisor, Warren, Pa. Happy Motoring!

Sylvania Develops Photoelectric Unit At Bayside Factory

Bayside, N. Y.—Laboratory development of a tiny, inexpensive photocell which utilized the photo-sensitivity of germanium has been announced by Dr. R. M. Bowie, Manager of the Physics Laboratories of Sylvania Electric Products Inc.

"These new subminiature photoelectric devices," Dr. Bowie said, "are sufficiently sensitive so that useful current changes are obtained with relatively small changes in light intensity. It is anticipated that they will find wide use in such applications as decoding punch tape, electronic computing and sorting, and in the direct operation of relays such as for opening and closing doors. Compactness and high sensitivity should make them particularly well suited for many applications where cost, complexity of circuitry and space limitation are important factors. In fact, one many readily visualize applications in which ordinary phototubes are entirely unsatisfactory."

He described the new photoelectric device as being essentially a germanium diode especially designed to permit use of the photoelectric properties of germanium and similar semiconductors. Experimental models have been made in which a tiny piece of germanium in contact with a fine wire or "whisker" are sealed in a solid piece of plastic about half an inch long and smaller diameter than a kitchen match. The transparent plastic, in addition to serving as a rugged sealed housing, provides an effective light path to the point at which the whisker makes contact with the germanium.

GIRL SCOUT TROOP RECEIVES AWARDS

Following a visit to the Children's Aid Society office, where Miss Claire Elliott explained the work of the various organizations, child welfare, members of Girl Scout Troop 4 of Lacy School went to the Girl Scout office and received badges earned during the year. Miss Cecelia White presented the awards, with 12 of the 13 members present.

The troop will start its "traveling basket" on July 8th, proceeds to be used for three days at Camp Russell Edey in August. Members of the troop are Mary Watt, Yvonne Hansen, Marilyn Eames, Beth Proukoff, Dorothy Mathyer, Julie Bloss, Martha Nutter, Anne Simonsen, Deanne Swann, Sally Dickerson, Gayle Noel, Sandra Goodwill, Toni Brooker, and Walter Mathyer is the leader, with Mrs. Robert Nicholson and Mrs. George Watt as assistants; Mrs. Helen Noel and Mrs. Raymond Dickerson, troop committee.

IN AKRON FOR GOLDEN WEDDING

Mr. and Mrs. Harold C. Richard and daughter, Janet, Hemlock street, with Mrs. Earle A. Nollinger and son, Dean, of Clarendon, have returned home from Akron, O., where they were guests for the golden wedding celebration of Mr. and Mrs. O. M. Blowers, formerly of Warren.

Mrs. Blowers, a sister of Mrs. Richard, was Clara Churchill prior to her marriage on June 27, 1900, to Mr. Blowers. The ceremony was performed by Rev. J. F. Burns, minister of Epworth Methodist church.

The anniversary occasion was marked with an open house given by their children, Mr. and Mrs. C. A. Zimmerman, Akron; Mr. and Mrs. J. Thompson, Mr. and Mrs. W. Benton Blowers, Stowe, O. One nephew, Kenneth Churchill, of Parkersburg, W. Va., was unable to be present.

1ST LUTHERAN EVENTS

The workshop group of First Lutheran church has completed plans for a picnic to be held at Brown's cottage at Lake Chautauque next Tuesday, July 11, with the lunch served at one o'clock. Everyone is asked to bring table service and a turkey, the committee to provide coffee, cream, sugar, bread and butter, and dessert.

The Ladies Aid Society will meet in the parish house Thursday and a large turnout is hoped for.

ANNE BEACH CHANGES WEDDING DAY PLANS

Anne Beach, daughter of Mr. and Mrs. George Beach, 8 Glenwood street, will observe open church Monday, July 10, for her marriage to Pfc. Keith R. Reynolds, son of Mr. and Mrs. Merton Reynolds, Conewango avenue, extension. The ceremony, originally planned for July 13 and changed because of Pfc. Reynolds' leave, will take place in Holy Redeemer church at 9 a. m.

RURAL LUTHERAN

Pastor C. J. Franzen announces these events for his rural Lutheran charge: The Saron Women's Missionary Society will have a picnic at 6 p. m. Thursday at the summer camp of Mr. and Mrs. Luther Johnson, Wrightsville; and the Hessel Valley Luther League will meet at the church at 8:30 p. m. Friday.

GOLDEN WEDDING DAY—Mr. and Mrs. H. R. Weaver, Kinzua, who were married in Dunkirk, N. Y., on July 4, 1900, were honored guests Tuesday for a 50th anniversary celebration held at the summer home of their son-in-law and daughter, Mr. and Mrs. H. J. Mathis, Warren-Kinzua road. The Weavers have six children, 18 grandchildren and five great-grandchildren.

For GOOD-ness Sake By Betty Rice

On July 12, from 10 a. m. till 4 p. m. at 404 Market street in Warren, you have a chance to save a life! Not the tabloid type of life-saving—flagging the doomed express—carrying a child from a burning building! No, it's a more quiet type of life saving, but every bit as urgent. It starts when you phone your Red Cross chapter for an appointment. . . an appointment to give a pint of blood to the Red Cross BLOOD PROGRAM. When you contribute one pint of blood and a few minutes of your time, someone will have another chance at life. Actually, here's the way the BLOOD PROGRAM works. When the bloodmobile comes for its second visit on July 12, you make your donation of blood. Skilled technicians immediately prepare it. Hospitals receive it. . . and doctors dispense it. Sometimes this all takes place the very day you give it. But whether that day—or later—soon, a man, a woman or a child in this region will have a better chance to live because of you. Call 2926, your Red Cross headquarters and make your appointment to save a life. Don't ask—"Am I the type?" . . . of course you are, if you are between the ages of 18 and 60 and in good health.

There are plenty of ways in which people can forget themselves and do something "for GOOD-ness sake". Through the Children's Aid Society, many families have learned the joy of "part-time parenthood". They have offered a loving heart and a secure home to Warren's unfortunate children. To be a foster parent requires a certain amount of self sacrifice and extra amount of affection. There are many, many boys and girls listed at the Children's Aid who need your help. Why not call Miss Claire Kilhot for complete details.

Hal Boyle's Comment

By HAL BOYLE
Valley Forge, Pa.—(P)—This is the world capital of the small businessman.

Anyone who worries that the United States may be forgetting the principle of individual enterprise should come here to the second national jamboree of the Boy Scouts—and forget his fears.

He would learn that the real hero of young America today isn't Horatio Alger. It's David Harum, the horse trader.

You probably have already read that the 47,000 Scouts gathered here are spending a big part of their time swapping. But you'd have to see the horse-trading that goes on in the encampment to believe it.

It is a strange unregulated market of barter dominated by the ancient Roman principle of "caveat emptor"—let the buyer beware.

For there is no Better Business Bureau or Securities Exchange Commission to set the standards of exchange. The only question is this: "Ya wanna swap? All right, whatcha got that I want? Here's what I've got—do ya want it or dontcha?"

As is usual under a barter system the value or real identity of the merchandise offered isn't guaranteed. And it is open to real suspicion.

Where else, for example, are ordinary caterpillars being palmed off as "real genuine silkworms"? Where else are cockleburrs being offered as "positively grade-A porcupine eggs"? And finding buyers, too! Well, they've been sold here.

There's no doubt that the two most outstandingly successful business groups have been the scouts from Oklahoma and Texas. The Oklahomans showed up with an endless supply of bullwhips. But the Texans topped the swap market with a fascinating multitude of live horned toads.

The people of Pennsylvania probably will be stepping on these eerie little animals the rest of their lives as a result.

At first the Texans got from \$1.50 to \$2.00 a toad. But right now you can buy one for four bits down to twenty cents because of a rumor. This is the rumor that has swept the camp:

"The Texas Scouts have air-shipped up 8,000 toads and are holding them in reserve in order to keep the prices jacked up. The last day of the jamboree they will dump them all on the market at once, and if I wait until then I can probably buy one for a dime."

The present market for horned toads is therefore bearish.

Some Scouts who have run out

PHYLLIS BURMAN and James Walters, married July 1 in St. Joseph's church by the bridegroom's brother, Father Arnold Walters. They will return July 8 to make their home in Warren.

ers, too! Well, they've been sold here.

There's no doubt that the two most outstandingly successful business groups have been the scouts from Oklahoma and Texas. The Oklahomans showed up with an endless supply of bullwhips. But the Texans topped the swap market with a fascinating multitude of live horned toads.

The people of Pennsylvania probably will be stepping on these eerie little animals the rest of their lives as a result.

At first the Texans got from \$1.50 to \$2.00 a toad. But right now you can buy one for four bits down to twenty cents because of a rumor. This is the rumor that has swept the camp:

"The Texas Scouts have air-shipped up 8,000 toads and are holding them in reserve in order to keep the prices jacked up. The last day of the jamboree they will dump them all on the market at once, and if I wait until then I can probably buy one for a dime."

The present market for horned toads is therefore bearish.

Some Scouts who have run out

of trading material have put signs on their tents saying: "No more swaps. Peddlers stay away. This means you."

They have traded everything from Scout badges to stamps, neckerchief slides, eagle claws, coonskin hats, stuffed birds, and live snakes.

These boys know their business. And they know what they want. But you can't kid these kids.

Jokingly, I asked a small Scout from Salem, Ore., what he would swap me for a shrunken human head. And he came right back: "A flying saucer!"

Highest automobile highway on the North American continent is the Mt. Evans road in Clear Creek county, Colorado, which rises to an altitude of 14,260 feet.

★ RUTH MILLETT ★

Don't Envy Mothers Who Ditch Children for 'Freedom'

MRS. BROWN was explaining how she had finally arranged everything so that she could have a "perfect summer." She was putting both children in camp as soon as the school was out, and she bragged she would be as free as during the school year. "Lucky you," chorused her envious listeners, all mothers "stuck" with their children for the summer months.

But is the mother "lucky" who arranges her life and the lives of her children so that most of their childhood is put into someone else's hands?

Those childhood years are a mother's only chance to get really close to her children, her only chance to give them memories of shared family fun, her only chance to help them develop the traits of character that she wants them to have.

MISTAKEN IDEAS OF "FREEDOM"

THE woman who gets rid of her children as if they were a nuisance is missing out on all of those opportunities. Sure, she has more freedom than other mothers. But freedom for what?

To spend more time shopping, meeting friends for lunch, playing bridge, etc.

There are plenty of years of that kind of living for any mother, once her children are grown. So why should it seem so important that a woman crowd her life full of such time-killing pursuits when her children are young and need her, and when she could be building up a fine companionship with them?

It isn't a "lucky" woman who can always turn the responsibility of her children over to someone else. It's a foolish woman who does that of her own free will. And some time the "lucky" woman is sure to realize that. But it often isn't in time to do her any good.

MENU SUGGESTIONS

BY GAYNOR MADDOX
NEA Staff Writer

COTTAGE CHEESE is a warm-weather special. It's one of the many plentiful dairy foods. It's versatile and is high in protein, phosphorus and riboflavin.

At our house we like cottage cheese mixed with sour cream and freshly grated black pepper. It makes a perfect lunch on hot days, served with watermelon and whole wheat crackers.

Here are other suggestions from the United States Department of Agriculture food experts:

1. When you're figuring portions for dishes made with cottage cheese, count on 1 pound to measure a little more than 2 cups. Ten ounces measure about 1 1/4 cups. Until you use the cheese, keep it in a covered container, in a cold place.

2. For cottage cheese sandwich fillings, consider these suggestions from the Delaware Extension Service of the United States Department of Agriculture: catfish, graham and Boston brown bread are all good ideas for the cottage cheese sandwich. For the filling, combine the cheese with nuts, grated cheese, pimientos, or horseradish. Work in chopped or sliced olives, or whole or chopped nuts. Use sliced celery, chives, Spanish

onions, raisins, dates, prunes softened by soaking. Blend in freshly crushed mint leaves, honey, jelly or marmalade.

Scrambled Eggs With Cottage Cheese (Serves 4)

One tablespoon fat, 1/2 teaspoon salt, pepper, 1/4 cup milk, 6 eggs slightly beaten, 3/4 cup cottage cheese, 4 slices toast.

Heat fat in frying pan. Stir seasonings and milk into eggs. Pour into frying pan and cook slowly, stirring occasionally. When eggs are thickened, mix in the cottage cheese. Serve at once on toast.

TOMORROW'S MENU

BREAKFAST: Orange juice, ready-to-eat cereal, French toast, syrup or honey, coffee, milk.

LUNCHEON: Baked bean salad, lettuce and sliced tomatoes, hot buttered toast, stewed blackberries, cookies, tea, milk.

DINNER: Tomato juice, scrambled eggs with cottage cheese, crisp bacon, hash-browned potatoes, buttered rolls, lettuce salad, cherry pie, coffee, milk.

With Warren Co. Boys at Valley Forge

Here is another in a series of letters from Leroy Salerno, official scribe for the Warren County Boy Scout Troop attending the National Scout Jamboree at Valley Forge:

Thursday, June 29
The camp site now is in fine shape. The tents are well arranged and convenient, the area is surprisingly clean, and everything is running smoothly. It has taken two days, but we are now well organized. Yesterday and today we have had lots of leisure time. Tomorrow, however, when the Jamboree officially begins, we will be very busy carrying out the different programs set up for our entertainment.

Yesterday the arch-way for our county came in by truck. The whole troop set aside the next half hour for the erecting of it. The arch-way itself is a large map of Pennsylvania painted on strips of board with Warren County outlined in white. In the center of the arch-way there is a door with a sign above it reading "Welcome".

Also yesterday the Wolf Patrol, with Clark Wright acting as patrol leader, served as a service patrol for general headquarters. They had a fine time standing out in the hot sun directing traffic. I believe some of them got sunburned.

We had our first visitors from out of town today. They were

Mr. and Mrs. Hickey from Clar- endon. They stopped in to say hello to the boys from Clar- endon who are here with us in the Jamboree troop.

Today the troop again went out in their leisure time to the different camp sites, swapping and meeting fellows from different states and even different countries. I believe now we are all getting the hang of swapping, because the boys are now coming back with more and better articles.

About 20,000 more scouts arrived today. They had a little more trouble setting up camp than we did because it is now raining here slightly. The 20,000 new boys now filled up Valley Forge Park. This makes it ready for the official opening of the Jamboree. President Truman is expected to be here to give an opening speech.

I hear in the distance a large band practicing for the big doings tomorrow, and by the way it sounds it must be a very good one. The opening of the Jamboree tomorrow will surely be a grand sight to behold.

WILD WHEAT

The first grains of wheat grew wild on the steppes of Asia thousands of years ago. This wild wheat was the genesis of the grain that we know and use today.

The number of milk cows in the U. S. has tripled since 1867.

The Nation Today

By JAMES MARLOW

Washington—(AP)—A woman neighbor of mine went into a store the other day to buy a pair of shoes. It was just a couple of days after Americans began shooting in Korea.

She bought a pair. Then the clerk said in a low voice: "If I were you, right now I'd buy as many pairs of shoes as I could afford. I'd really lay in a supply." "Because," the man said, still in his low voice, "We may be getting into another world war. You can't tell—any day now shoes may be rationed."

It was lucky for him that the woman was both small and old. If she hadn't been, she told me, she would have put knots in his head and wrapped the bench around his neck.

She knew what he was trying to do: appeal to any greed she had to get her to buy more shoes than she needed by using "rationing" as a scare word.

If she fell for it, he'd boost his sale of shoes. It was a low trick, a dishonest one, for she knew what the awful effect on her and all others would be if clerks in stores all over America tried the same stunt on their customers.

It would mean a crushing, sudden inflation. For if everyone began buying more than he needed

—whether shoes, food, clothes, or furniture—pretty soon the supply would be exhausted.

Then, with the demand outstripping supply, prices would go soaring, just as they did after World War II when price controls came off and goods were still fairly scarce.

There's a simple answer to talk of rationing now: So far as I can learn, the government now has no power to ration anything or put price control on anything unless congress approves by passing a brand new law.

I talked with a number of people in the government about this, lawyers and heads of staffs who would be in a position to know

Egg Production in State Is Soaring Toward a Record

Harrisburg—Higher feed costs and lower prices for eggs and poultry meat prompted heavy reduction in numbers of layers in Pennsylvania farm flocks during May, but in spite of shrinkage State egg production was a record for the month—a total of 318,000,000 eggs.

Although culling was heavy and flock reductions totaled 1,336,000 the average number of layers during May was 17,616,000, a record for the month, exceeding the previous high in 1944 by 3.5 per cent and nine per cent above May 1949, according to Federal-State surveys announced by the State Department of Agriculture.

Pennsylvania egg production for the first five months of this year totals 1,575,000,000 and for the same period last year 1,491,000,000 indicating a new all-time record might be established for 1950, observers said.

Prices farmers received for eggs declined sharply from April 15 to May 15, dropping from 39.2 to 34.6 cents a dozen. In May 1949 the average was 49.5 cents.

The relation between what producers pay for feed and receive for eggs was the least favorable for any month since June 1944. The price of a dozen eggs in May bought only nine pounds of feed whereas a year earlier a dozen eggs paid for 13.2 pounds of feed.

Live chickens were slightly lower in May than April but live turkeys showed a one cent increase per pound. All prices were down sharply from a year earlier while feed costs, having increased during the month, were above May 1949. The increase over April was from 15 to 20 cents a hundred pounds.

The average Pennsylvania farm flock layer produced slightly more than 18 eggs in May, this rate of lay being the lowest since 1945. However, the number of layers was sufficient to set a new record for the month.

what the government could do in an emergency.

I asked them: "I know government's rationing and control powers were ended by congress. But—"

"Is it possible that somewhere, hidden away out of sight in some law still on the books, the government could find the power in an emergency suddenly to slap on rationing and price controls?"

Everyone I asked—and one was a lawyer who should know as much as anyone in this field—said they knew of no such hidden power or law—except for this:

No one can say what the president might do in a fierce emergency, acting under his powers as commander-in-chief of the nation's armed forces.

In such a fierce emergency, no one would venture to predict what the president might say he had the power to do. He could act first and let congress approve afterwards.

Not Too Late to Sow Seed of Fast Growing Flowers

Left to right, single marigolds, carnation flowered, and chrysanthemum flowered.

It is not too late to sow flower seeds in the garden. By choosing varieties which germinate quickly and grow fast, flowers may be had almost as soon as from seeds sown much earlier, which have been delayed by cold weather.

For best results seeds should be sown where the plants are to grow, so they will suffer no set back from transplanting. Special precautions should be taken to prevent crust- ing of the soil, and drying out.

Loosen the soil to a depth of several inches. Mix small seeds with dry sand to help scatter them well. Large seeds of plants which need plenty of room may be sown two or three seeds in each spot where a plant is wanted, to be thinned out later to a single plant. Cover the seeds lightly with porous soil containing no clay. A special covering soil may be prepared by mixing fine top soil, and peat with an equal amount of sand. Keep the soil moist by sprinkling with a fine spray until the seeds germinate and the plants begin to grow well.

There is an attractive list of annuals which will germinate in 5 to 10 days from the time of sowing, and flower in 30 to 40 days more. These include:

Godetia
Linaria
Lobelia
Lupinus
Marigolds
Nicotiana (flower- ing tobacco)
Annual Phlox
Portulaca
Mignonette
Schizanthus
Viola
Zinnia
California Poppy
Nasturtium
When the seedlings appear, thin out to a single plant, and transplant the discarded seedlings. The plants which grow undisturbed will flower first. Be sure to give flowers plenty of room; they suffer from over-crowding, producing smaller and fewer flowers.
Flowers which are grown in the vegetable garden should be planted just as vegetables are, and given the same care. Those of upright growth, which keep their place and do not sprawl out of line and against their neighbors are best for this use. Marigolds, zinnias, calendula, cosmos, centaurea, nicotiana are examples.

L. A. JOHNSON

BACK TO PRACTICE — Dr. Hermann N. Sander (above) wears a broad smile after learning of his restoration to practice by the New Hampshire State Board of Registration in Medicine. Dr. Sander was acquitted of the "merry slaying" of cancer patient Abbie C. Borotto in Candia, N. H., last winter.

VISIT BOOSTS KOREAN MORALE—On-the-scene photo shows Maj.-Gen. Charles Willoughby, General MacArthur's chief intelligence officer, shaking hands with South Korean President Syngman Rhee at Suwon, close behind battle lines. President Rhee said MacArthur's visit, plus action of U. S. planes, gave great hope for the future. (EXCLUSIVE NEA-ACME RADIO-TELEPHOTO BY EARNST HOBRECHT.)

Crowd Estimated at 35,000
Witnesses Colorful Parade

(From Page One)

when—and if—they reported to their jobs today.

The service rendered by members of the Warren Radio Club with their short wave outfits proved most valuable to parade officials. The boys had three cars in use, one at the corner of Union street and Pennsylvania avenue, another at Fourth and Poplar and a third at Beatty school where the musical organizations were assembling. Those participating in this project were Jack Nordine, Homer Haines, Glenn Nelson, James Goren and Henry Walker.

The Warren Lodge of Odd Fellows took over entire entertainment of the IOOF band from Meadville, including a delicious dinner served the group after the parade.

The Lewis sound truck was never used to better advantage than it was Tuesday morning and afternoon. The committee is deeply appreciative.

One woman spectator at the drum corps competition received a fifty-cent donation in a surprising and unusual manner, when a concession salesman tossed a half-dollar change to a customer and the coin landed inside the woman's blouse.

It was estimated there were nearly 7,000 paid admissions at the drum corps competition.

The entrance to Memorial Field was attractive in decorations placed by Stephen Massa and crew with the help of the fire department. In this case, as well as in many similar instances, the service was donated.

There were 500 or 600 people sitting in the rain at Beatty school lawn as early as 6:30 o'clock Monday evening to see the variety show. In that case as in previous instances the rain let up just in time to permit the activities including the street dance later.

It would be interesting to know how many families in and around Warren had guests over the holiday. Many former Warren residents were observed in the crowds that lined the streets.

Kenny Carlson and his committee demonstrated that it is possible to provide temporary rest room facilities at the field. Incidentally this offers a good suggestion for school and borough officials as the football season approaches.

Frank Reese and his committee from the Warren Field & Stream club, as usual, did a swell job in handling the concessions at Memorial Field in the afternoon. The committee also received a nice donation from a concessionaire from Buffalo, who sold balloons and novelties on the streets and at the field.

Jerry Park is the "veteran parade dispatcher" on the police force. On his motorcycle with sidecar, he was one of the busiest men in Warren for a few hours Tuesday morning. Lieut. M. Evan was also doing yeoman service in the police car, and the entire department including Lieut. Geary Bean and the night men were on duty.

Bandit King Slain
By Commando Police

(From Page One)

out of the house in which he was hiding. Police opened fire with submachineguns and cut him down, ending in a blaze of fire the career of a man whose band was accused of killing nearly 100 policemen. Some of Giuliano's comrades escaped.

The police who finally got him were part of a special force of 2,000 Carabinieri man-hunters who had been closing a dragnet on him for eight months.

In that time most of his band had been wiped out. A dozen or more are on trial and nearly that many have been killed in fights with the police.

Margiotti Named
Attorney General

(From Page One)

Recently, the 59-year-old Punxsutawney native has been active in Pittsburgh's "free work" expose.

One of his first assignments as attorney general was expected to be a state investigation of allegations that some of the officials of the Democratic-dominated city administration used public facilities and labor for private purposes.

New York Police Baffled
By Mysterious Shooting

(From Page One)

The Railway Express Co., had almost missed the game.

He had promised to take the neighbor boy, Otto Flaig, last Friday but postponed it when he found it was to be a night game. They bought tickets for the Fourth instead.

Even after police, a doctor and ambulance orderlies came to the stands only a few fans realized what had happened.

The game went on as scheduled and the players did not learn the details until later.

Future Crop of Home Runs Is By-Product of Pa. Oil Fields

Strangest by-product of Pennsylvania oil is the next crop of big league home runs that will bang off the white ash bats of such sluggers as Ted Williams, Jackie Robinson, Stan Musial, Ralph Kiner, et al.

Writing in the July issue of Service, an author points out that white ash, harvested on the Cities Service leases in Pennsylvania, (see photo above) provides the finest possible material for the bats used by both the famous and the unknown sluggers of organized baseball.

The Norton Wood Products Company of Tidououte, which acquired timber rights from the oil company, turned out nearly a million bat billets last year. These were shipped to Louisville, Kentucky, where they are being aged and processed. The bats emerge as veritable Tiffany products—the best in the world, absolute perfection in balance and finish, regarded with high affection by famous hitters.

The area where the white ash is being cut is near Titusville, the old Rube Waddell country, an area where there still exist a million memories of the famous and unpredictable pitcher.

In this area grows the best of white ash; the conditions are ideal to produce it—a perfect combination of terrain, soil and climate necessary for the rapid, year-by-year growth of white ash of perfect grain and regularity of structure, with resultant strength and durability.

The ash grows on ridge tops and the northerly and easterly exposed slopes of the hills and mountains. In such sectors, the soil is rich and holds just enough moisture for a uniform and healthy growth of prime white ash. Premium grade of bats comes from logs of 11 to 12 inches in diameter, cut into 42-inch lengths. These billets are split into wedges which are turned into bat billets 3-inches in diameter, in the mill at Tidououte.

The weight of the finished billet determines the model of bat to be made from it, with the lighter weights going to the larger bats. Perfection is the objective and at least half the labor costs involved are in inspection operations (note photo).

These oil properties comprise a vast acreage and approximately 2,000 producing oil wells. From this acreage is produced the premium crude for which Pennsylvania is famous, part of which is refined in the Cities Service refinery at Titusville.

The next time you hear the spine-tingling crack of a bat over the radio, you can safely wager that it's a sound made by an ash bat that came from a tall straight tree that once stood in an historic area of Pennsylvania, a section dotted with pumping jacks and covered by a net-work of rod lines. It's a new and interesting by-product of oil—and like the premium crude, these bats are making hits in every section of the country. (City Service Co. Photos.)

Secret Meeting Is
Held at Blair House

Washington, July 5—(AP)—The White House said today President Truman has no intention of addressing congress or the nation on the Korean war at present.

Presidential Secretary Charles G. Ross said the question of whether Mr. Truman should appear before congress as some members have urged, was among those discussed at a secret Blair House meeting Monday afternoon.

Ross said no final decision was made and added:

"The president has no present intention of going before congress or making a radio speech to the country."

Ross said he could not speculate on what developments might occur later which would change the situation, but indicated it was safe to assume there would be no speech this week.

He told newsmen the Blair House conference was for a "general review" of the situation.

He said there was no advance announcement of it because it was supposed to be confidential. Word of the meeting leaked out, however.

MARGIOTTI MOTORS
TO STATE CAPITAL

Pittsburgh, July 5—(AP)—Attorney Charles J. Margiotti, his family and his law partner are motoring to Harrisburg today but the prominent lawyer refused to discuss the trip's purpose.

Weekend rumors in political circles say Margiotti is going to the state capital to accept the position as Pennsylvania attorney general.

Margiotti is accompanied by his wife, his daughter, Juliette, and her husband, Alexander Suto, a certified public accountant. Margiotti's law partner, Vincent Casey, is making the trip in another car.

Margiotti's son, Charles, Jr., a junior at Temple University, will meet the family in Harrisburg.

The Pittsburgh Sun-Telegraph said it learned Governor James H. Duff offered the attorney generalship to Margiotti with the idea of making a sweeping investigation of the city's free work case.

Margiotti is a former Pennsylvania attorney general. He served in the post in the administration of Governor George H. Earle.

Protection of Sea
Route Gets Priority

(From Page One)

This would mean that they operate from bases in Japan, since Pusan is the only Korean airfield suitable for use by heavy or fast airplanes and it is congested. That means the time which the patrol planes can spend in actual search is reduced by the hours required to fly the several hundred miles from Japan to the Korean coast lines.

Moreover, the slow, lightly armed patrol planes generally must fly without protection against hostile air attack. Arrival of carrier aviation will provide additional fighter cover for the patrol aircraft.

Tax Cut Measure Given
Endorsement by Treasurer

(From Page One)

could force tax increases rather than cuts.

Snyder said he understood the senate committee had decided to hold hearings on the house bill with the understanding that they would be halted "if conditions later indicated that it would be unwise to go through with the legislation."

Accidental Deaths Strike
Down 739 Over Holiday

(From Page One)

sued a san driving appeal to "try our best to save at least a few lives by acting like civilized people on the highways."

Deborn had predicted that 36,000,000 cars would roll 5,600,000,000 miles over the nation's roads. He classified it as the United States' biggest traffic jam.

BITTEN BY MONKEY

Pittsburgh, July 5—(AP)—Barbara Held, 2, of the South Side, is in South Side Hospital today, recovering from two bites on the head, inflicted by a pet monkey owned by her grandfather.

MR. MERCHANT
HERE IS OUR
Advertising Message
FOR YOU

1. Your advertising message in this newspaper goes into more homes than any other kind of advertising. It covers the whole field.
2. Every big store in America built its fortune with newspaper advertising and relies on it today.
3. Good-sized advertising in this newspaper costs less than ONE CENT per family you reach.
4. Your advertising is part of the hometown news that everybody wants to read as well as the latest news of the world.
5. You get thousands of SHOW WINDOWS. People can SEE what you have to sell ... pictures, prices and descriptions.
6. Hometown wives and mothers plan their buying while they're reading the hometown newspaper. So do their menfolk.
7. Your hometown newspaper is more carefully read, by more members of each family, than any other advertising medium, and its readers believe in it.
8. Your national manufacturer and distributor can join you in advertising the products you have to sell.

Warren Times-Mirror

BUY and HOLD U. S. BONDS

Shrine Club Is Set For Opening of Big Charity Horse Show

Many Warren people will be in Youngsville tomorrow night for the opening of the Youngsville Horse Show, sponsored by the Warren County Shrine Club.

Attracting an exceptional crowd from this entire section will be the classes for Warren county-owned horses exclusively, amateurs only to ride. Warren county is the home of many fine horses, both western and English, and the best of them will be in the brilliantly lighted ring at Island Park tomorrow evening, competing for cash prizes, trophies and ribbons.

Promptly at 7:30 o'clock the program gets under way with the Western Parade, the stirring curtain raiser for the three night and two-day events.

Following the Western Parade, the youngsters will have their innings with their ponies—59 inches and under. For weeks the juvenile riders of the county have been grooming their ponies for this event with eyes on the trophy and ribbons to be awarded in the class.

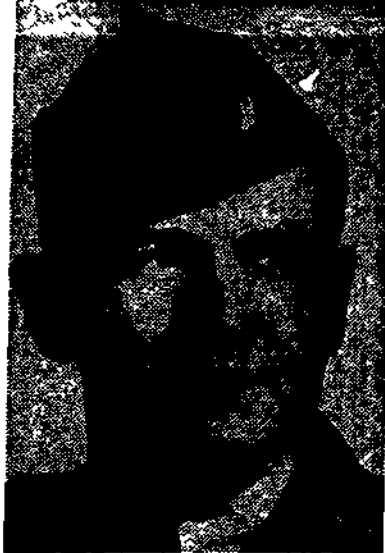

English or western ladies pleasure class is third on the list, with English Equitation and English jumping following. Class 6 is the Walking Horse event, with the ever-popular Western Stock Horse class next in line. The walk-trots take the ring in the three-gaited class, and western riders, 16 years of age and under, complete in an equitation event.

Class 10 is the thrilling five-gaited with some exceptional "gaiters" entered to display their slow-gaits and fast racks. Colts, two years old and under, will be shown in hand before the western jumping class hurdles are placed.

The final event of the evening will be the Open Pleasure Class, English or Western tack, for a trophy and six ribbons. All classes on Warren county night will see a trophy going to the winner and six ribbons tied by Judge Maxwell Glover.

Tickets are available and ring-side parking may also be reserved. Proceeds from the show will go to the Warren County Shrine Club's Crippled Children Fund.

The Arizona state capital at Phoenix is one of the few public buildings in the country which doesn't have a cornerstone.

FIRST KOREA CASUALTY—Private Frederick J. Walsh (above), 18, of Massillon, O., has been announced by the Army as the first official casualty in the Korean conflict. His father, Ralph B. Walsh, Sr., was notified he suffered flesh wounds, the extent of which was not disclosed.

Assistant Is Named To Director of Fed. Housing Project

Oakley W. Heselerbarth, director of Federal Housing Administration for Western Pennsylvania, announced the appointment of James J. Gallagher as assistant director. Mr. Gallagher has served with the Federal Housing Administration for the past 15½ years having occupied the position of Chief Appraiser for the past three years and his promotion conforms to the established policy of the Federal Housing Administration in advancing qualified personnel within the organization.

Mr. Gallagher, a native of Erie, managed the Erie Service Office of the Federal Housing Administration from 1936 until he became associated with the Pittsburgh office as Chief Appraiser. He is well known among lending institutions throughout Western Pennsylvania by reason of his association with the Federal Housing Administration. In his new capacity, Mr. Gallagher will assist Director Heselerbarth in the management of the offices of the Federal Housing Administration for Western Pennsylvania and will be stationed in the Pittsburgh Office.

Blood-Type Card Is Priceless Reward In Times of Need

The blood-type card given to each person contributing blood to the Red Cross National Blood Program here on June 14 can prove to be a priceless reward in time of need. Dr. R. E. Lowe, chairman of the medical advisory committee pointed out today.

"Each donor's blood type is noted for him on a card that should be carried at all times," the physician stated. "In case he, himself, needs emergency transfusions, precious minutes will not have to be wasted in typing or finding suitable donors."

Explaining that each donor's individual card lists, in addition to his type, his RH factor, the medical spokesman went on to point out that in case of emergency calling for a transfusion approximately 30 minutes are required to type the patient and that more time must be spent in finding a type and RH factor to match him. If, however, physicians know the accident victim's blood type, it can be matched in a matter of moments from blood already typed and stored for such emergencies.

"When residents of this community contribute their blood they are not only helping their neighbors," medical chairman said, "but they also obtain a small blood-type card that may save their own lives some day."

Dr. Lowe pointed out that the bloodmobile would visit 404 Market street, Warren again on Wednesday, July 12 from 10 a. m. 'til 4 p. m. and urged all residents of this area to make appointments to give their blood during this visit or during the visit on Thursday, August 10. Appointments may be made by telephoning 2926, he said.

Ladies Aid held its regular meeting at the home of Mrs. Charles Hopley, with Mrs. Carl Jacobson as assisting hostess. Following a delicious one o'clock dinner, Mrs. Lewis Holsinger conducted a business session and the following were named as officers: Mrs. Margaret Keach, president; Mrs. Holsinger, vice president; Mrs. Harold Keesler, secretary. Mrs. W. W. Clancy, treasurer. Plans for the annual picnic were discussed and it was decided the next meeting will be held with Mrs. Ida Shures.

Nettie Johnson has returned home after spending a few days in New York City. Accompanying

her there was a cousin, Mrs. Ida Fredd, Jamestown, who embarked for a four-months visit in Sweden.

Mrs. O. R. Lloyd, Bradford, has been a guest of Miss Eva Crouch. Charles Hopley has been attending the Shrine convention in Los Angeles.

Marie Stewart is home from Bradford hospital after a tonsilectomy.

G. Stewart and son, Robert, were Jamestown visitors Tuesday and Wednesday.

Mrs. Guy Crooks and daughter, Audrey, are accompanying friends on a six-week motor trip which will take them to the west coast.

Eva Crouch attended the Philathea Class meeting of Hill Memorial EUB church Tuesday evening.

She has also been visiting relatives in Jamestown and on Stilson Hill.

Several local gardens were partially ruined when the community was visited by a frost recently.

Mr. and Mrs. Ralph Scouten and son, Salamanca, have been guests of Mrs. Charles Hopley.

American elevators in 1949 carried 20 billion passengers up and down a total of 500 million miles.

Breviated Race Program Held At Starbrick Track

Despite a late postponement, 18 cars and over 600 patrons were at the Dickey-Ben Speed in Starbrick yesterday afternoon. Ben White and Dick Morris did not want to disappoint followers and it was agreed to run the scheduled races on a 1/2 mile basis.

The half-mile track was nearly at the time trials got under. Carl Pintagro of Jamestown made the rounds in a neat seconds on his second trip and the oval. Wattsburg's Bob made the rounds in an even seconds in his red and white stock car.

The first roadster heat was taken by Pintagro in his tan speedster. Fans will remember it as No. 4 in 4 minutes and 40 seconds. In the eighth lap event was Davis of Erie, followed by May Borowisz, also of Erie, in his blue roadster. Art Robinson, placed fourth in the eighth lap. Another Erie, Fred Lehman, in the "Shmoor" sped out in the seventh lap in motor trouble, as did Bud Meade, Bradford, Good Looking and others.

Antaniscio, Jamestown; Allan, Wattsburg; and Jim Belkorn, East Randolph, placed in the second roadster heat, followed by Cotton Nealy of Mead, Layton Strong of Frews, was forced out in the sixth lap due to radiator trouble.

Pintagro's No. 46 took an early lead in the final, a twenty lap race, followed closely by Erie's in Davis. Third place was held by Lehman in the "Shmoor". This was the field when the yellow warning flag was posted in the 15th lap, when rain began to fall on the track. The black flag came down in the next lap as the rain turned into a downpour, stopping the race.

Five minutes later the sun was out but the track was too wet to continue the races. The still game car drivers were willing to "muddle" for a 20 lap race, a field of seven lined up after twenty minutes "track condition" period.

George Czarick, of Erie, was using the field in the fourteenth lap when smoke started to pour from his car. Not until his engine completely burned out in the nineteenth lap did Czarick give up. He had several calls including the time when Warren's Donley skidded a complete circle and Bob's car while in the north turn. To make it worse, Bob's windshield was covered with a 1/4 inch of mud forcing him

Rookie Noren Happy to Land With Harris in Washington

BY NED BROWN
Batting for Harry Grayson, NEA Sports Editor, who is on vacation

NEW YORK (NEA)—Time was when playing with the Senators was a sentence.

But Rookie Irv Noren can imagine nothing better, especially under Bucky Harris, upon whose recommendation he was purchased from Hollywood for \$70,000.

Four years in the Brooklyn chain was enough. President Griffith froze out 40.4 per cent stockholder John Jachym of Jamestown, N. Y., whom he feared a menace to his iron-clad hold on the Washington franchise, but the Old Fox has a good thing in another Jamestown native, Noren.

At 25, Irving Noren, a prematurely balding blonde with the slouching shoulders and gait of an unactive athlete, is leading the Nats with a lousy .324 batting mark.

This all the more remarkable when you consider his brief history under Manager Harris.

The Original Boy Manager intended to shift Outfielder Noren to first base, dealt Eddie Robinson to Chicago with Rae Scarborough. "I intended to give it a battle," said Noren. "I would probably stretch my career a bit, and besides it would help the club. The trade was made with that in mind."

FATE struck. Noren was sidelined for three weeks due to an appendectomy, Mickey Vernon being grabbed from Cleveland in the interim.

More familiar with left and right, he gladly took over center field at Harris' suggestion. "Harris gives you confidence. He makes you want to bear down and play for him," stressed the mild-mannered Noren. "He doesn't climb all over you."

"Besides I like center field. You can watch the ball from the time it leaves the pitcher's hand till it comes back out. No slicing off the bat or curving away as in the other positions."

Manager Fred Haney discovered talent was going to waste with the short right field fences, especially in Oakland and Portland in the Triple-A Pacific Coast League, taught Noren to pull the ball with the Stars in 1949. His .330 average and 130 RBIs earned him a second consecutive MVP award.

"In the Texas League they played me straight down the left-field line, gave me the whole right field to shoot at," pointed out that league's most valuable player with Fort Worth in 1948. "I pulled the ball for 28 home runs on the Coast, got so I was using my strength, not wasting it."

to stick his head out of the side window.

Bob went on to win, while Kenneth Schuler's hard driven car placed second. Four Warren boys placed in the next positions. They were Herbert Gustafson, Wayne Cook, Clinton Scott and Don Bailey, respectively. All of the Warren boys did very well and are sure to lead the competition in the near future. The winning time was 8 min., 50 sec.

An even larger field is expected for next Sunday's competition in the popular sport, including yesterday's winners and many more new entrants.

Wimbledon—Budge Patty and Vic Seixas gained the semi-finals of the all-England championships but Gardner Mulloy and Art Larsen lost.

—GOLF—
Detroit—Lloyd Mangrum came from behind to edge Sammy Sneed and win the Motor City open tournament with a 274.

Troon, Scotland—Johnny Bullis, Pittsburgh pro, led the qualifiers for the British open with a 36-hole score of 140.

Sheffield Fire Dep't Answers a Call To Glass Bottle Works

Sheffield, July 5—At 5:35 p. m. yesterday the Sheffield volunteer fire department was called to the Pennsylvania Bottle Company where the tank containing the molten glass sprung a small leak. The firemen froze the leaking glass by spraying water on it and then stood by for 50 minutes until a patch was put over the leak. There were 23 men and three firetrucks out in response to the alarm.

A 1950 Ford owned and operated by Sam Bonavita, Warren, was crowded off the road into the ditch on the bad curve in front of the home of Mrs. Adolph Streit, Bull Hill, about 8 p. m. last night. Bonavita was approaching Sheffield from Warren via the Bull Hill detour which has several bad curves and is quite narrow. Damage to Bonavita's car was slight but a wrecker was called to remove the vehicle from the ditch.

About 9 p. m. last night the state police called a wrecker to remove a 1936 Plymouth belonging to R. E. Smith, Erie, which was wrecked near the same Bull Hill curve and had been there most of the day causing a traffic hazard.

Owner of the car has not been contacted to learn the details of the accident.

Mrs. Carl Lundahl, Warren, district president of the Woman's Missionary Society, will address the meeting of the WMS of the Bethany Lutheran church at 7:30 p. m. tonight in the church.

Hostesses will be Mrs. George Irwin, Mrs. Gust Gustafson, Mrs. W. V. Christ and Mrs. George Peterson.

"DEVIL DOOR"

A church in Cornwall, England, has a door built especially for the devil to sneak out with downcast eyes when renounced by converts. The "devil door" is an old custom harking back to the day of the "witches."

Chapter 9
WE HAD all been so intent upon watching Beau, that none of us had noticed Uncle Raoul when he rose. The first we knew that he had left his chair was when we heard the sharp slap of his open palm across his younger son's face.

"That's enough out of you; you're drunk," he said. Then he returned to his place as though nothing had happened.

For the second time within less than five minutes, there was an awkward pause; but in comparison with this one, the first had been the soul of grace. Finally Claude broke it with one of his fat chuckles.

"Well, I've got a few thousand dollars I can afford to throw away," he announced with condescending magnanimity. "I'll buy out anybody who wants to sell. I can do that, being a Dumont. How about it, Uncle Raoul?"

"No, thank you," Uncle Raoul answered evenly, but his cheeks had flushed even darker than Lee's had done a moment before.

"What about you, Dédé?" "No," Amédée snapped.

At this point Cousin Jeff, who had hitherto remained silent, interposed with a change of subject. The remainder of the evening wasn't exactly what might be called a social success. The scene at the dinner table had put everybody's mental teeth on edge, with the result that little things began to grate on raw nerves out of all proportion to their actual importance.

like a menial for the sole purpose of annoying Pick, as was evidenced by his covert glances in her direction.

Although doors and windows alike were open, the atmosphere of the room was stuffy and heavy. I attributed this to the fumes of Claude's foul-smelling pipe, which he had continued to smoke so furiously that there was actually a bluish haze in the air. Aunt Minerva, however, put it down to the odor of the oleanders, which she insisted gave her a headache, and finally she broke up the party by announcing her intention of going to bed, and advising Pick and Bobby and me to do likewise. It was the one action of hers since we had known her for which we were truly grateful.

We left the men still in the drawing room, and went upstairs to our rooms. However, unlike the night before, I was unable to get to sleep. I felt nervous and restless; and like Aunt Minerva, I was developing a headache.

After a while I heard the opening and closing of the front door, marking the departure of those of the men who slept in the garconnières. Then came the sound of the rest of them ascending the stairs, the muffled closing of doors in more distant parts of the house, and finally silence.

IT WAS shortly after this that my throat began to feel dry. I reached for the water carafe that stood on the bedside table, only to discover that it was empty. Marionette, the young colored girl whose duty it was to look after the bedrooms, had evidently, in the excitement of the day, forgotten to fill it.

I rose quietly so as not to disturb Bobby, who had fallen asleep long ago, and got into robe and slippers. Then I set out to fill the carafe at one of the bathroom faucets.

As I was passing the head of the stairs, I glanced down involuntarily, thinking of the night before when Bobby and I had sneaked in after our stolen evening in New Orleans, and had so nearly been discovered by that

suddenly opening door. And at that very moment, as though history were repeating itself, the utter blackness of the lower hall was again pierced by a shaft of light identical in size and position with that other.

I stopped where I was, with the queer feeling that time had been turned back without taking me with it; for now I was standing in the upper hall instead of the lower. However, the impression lasted only a minute; for what happened next was different from what had happened the night before.

The swath of brightness widened, then was partially obliterated three times as three men passed through the open door to the hall beyond. From where I was standing I could see only their shadows cast upon the floor and part way up the opposite wall; although from these I was able to form a pretty good idea of who they were.

The tallest was, of course, Beau. The second, with the suggestion of a droop to its somewhat narrow shoulders, was Lee. The third might have been any of the other men except Claude or Henri, one of whom was too large and the other too small to fit it.

For the fraction of a second, the three stood there together. Then Beau started down the hall toward the front door, while the other two turned toward the front of the stairs I decided that it was time for me to move on.

But just as I took a step forward, I sensed the faint odor of oleanders through the darkness, while a figure all in white disengaged itself from among the shadows at the head of the stairs, and floated toward me!

I was so startled, that I nearly dropped the water carafe. The figure in white appeared to be equally startled, for it drew back with a little sound like the quick intaking of breath. Then our eyes met; and with an exchange of mute, self-conscious nods, we hurried upon our separate ways. The figure had been Pick Dumont. (To be continued)

YOUR FORESTER

L. E. Stotz

This is the last week I will have Bill Wentz working with me on the Northern District of the Allegheny Forest. He is being transferred to the Central District of the Green Mountain National Forest in Vermont at the end of the week, where he is taking over the duties of District Ranger.

After a training period on the Southern District of the Allegheny Forest as a Junior Forester he came to the Northern District as Assistant Ranger in 1948 where he founded out his training and experience until an opening occurred for a District Ranger assignment. He will be greatly missed on the Allegheny but the Green Mountain National Forest needs a good forester too.

A career in the Forest Service, particularly for the younger men, means many moves. As openings occur for advancement they seldom develop on the forest upon which the young forester is working.

so he must be transferred to the forest on which the opening occurs. Another reason for rather frequent transfers of station is as a training measure. The broader the training a forester gets in different parts of the country the more valuable he becomes to the Forest Service, and the better he can serve the interests of you the people.

Whenever possible the young forester is sent on a detail to large forest fires in other parts of the country as a training measure so that if the time comes when he is assigned to a heavy fire district he can handle any large fires that might develop without burning up a lot of country learning how to stop the occasional big fire.

Bill Wentz's place will be taken by J. N. Ballantyne who is now on the Pemigewasset District of the White Mountain National Forest in New Hampshire.

JACOBY ON BRIDGE

SLAM DOUBLE HELPS Foe in Play of Hand
By OSWALD JACOBY

Written for NEA Service
When expert opponents have bid a slam of their own free will, you are not likely to get rich by doubling them. There are exceptions to this rule. Occasionally, you will have an absolutely sure setting trick; and you are also sure that the enemy cannot escape to some safer slam contract. Sometimes, if your partner is to make the opening lead, you may double to ask for an unusual lead.
However, slam doubles in general are a losing proposition. It is especially bad to double a slam merely on prospects. "Possible" tricks have a way of vanishing, especially when you put the opponents on guard by doubling.
The grand slam shown today was too ambitious a contract. The culprit was not South, who bid the slam, but North. The jump to two hearts was too flimsy. For North should have had a better fit for clubs or a stronger heart suit.
South found out that his partner had three aces. His bid of four trumps, the Blackwood Convention, asked for aces; and the reply of five spades showed three aces.

against that suit. It looked to him as though declarer could make four spades, four diamonds, three hearts, and only one club.
West's reasoning was excellent up to this point. Nevertheless, his double was a very bad idea since it told declarer how to make thirteen tricks out of twelve.
West opened the eight of spades, and declarer won in his own hand with the king. South cashed the king of hearts, took his four diamond tricks, discarding a low heart from the dummy, and then ran the spades.
By this time West was in great trouble. He could save only four cards. Three of those cards had to be hearts to prevent dummy's eight of hearts from becoming estab-

lished. West therefore had to blank his king of clubs in the hope that declarer would take a finesse anyhow or that his partner had the queen of clubs.
South next cashed the ace and queen of hearts, discarding clubs from his own hand. He then had to win two club tricks to make his slam.
If West had not doubled, South might have taken the club finesse. However, the double practically located the king of clubs and South's only hope was that West

ful. Since the double told declarer how to play the hand, it enabled South to win over 2000 points. It was a very poor idea for West to give up more than 2000 points in the attempt to win an extra 100 points for himself.
West's double would have gained 100 points if it had been successful.

OBITUARIES

JOHN WESLEY DEXTER
John Wesley Dexter, 55 year old resident of the Lander area, died at 6:35 p. m. Tuesday in Warren General Hospital, where he was admitted a week ago Saturday. He had been in ill health for some time.

Born near Spring Creek he had spent the greater part of his lifetime in that vicinity and was a lifelong resident of Warren county, a widely known farmer and blacksmith prior to his retirement. He was a member of the Cobbs Corners Baptist church near Spring Creek.

Surviving are his wife Linnie Pratt Dexter; six children: Mrs. John Downey and Maynard Dexter, Buffalo, N. Y.; Merrill and Wesley Dexter and Mrs. Frederick Newman, Warren; Willard Dexter, Russell RD 2; 23 grandchildren and 23 great-grandchildren.

Removal has been made to the Schoonover Funeral Home in Sugar Grove, where friends will be received starting this evening and from where services will be held at 2 p. m. Friday. Rev. Gustav Erickson, pastor of Lander Methodist church, will officiate and interment will be made in the Foster cemetery, Lander.

MARY OLIVIA CAMPBELL

Mrs. Mary Olivia Border Campbell, who has resided for the past 20 years with her daughter, Mrs. Hazel M. Fiero, in Bradford, died Monday afternoon at Fairview Hospital at that place. She was born July 13, 1863, the daughter of the late Jacob F. and Nancy Platt Border, and was the widow of William T. Campbell. She was a member of Youngsville Free Methodist church.

Besides her daughter, Mrs. Fiero, she leaves the following children: William H. Campbell, Warren; B. E. Campbell, Youngsville; Bertha Olivia Campbell, Akron, Colo.; Charles J. Campbell, St. Petersburg, Fla.; also 12 grandchildren, 15 great-grandchildren; one sister, Mina Boyle, Bradford.

Removal has been made to the Lutz Funeral Home, where friends are being received at the regular calling hours and from where services will be held at 2 p. m. Thursday. Rev. Stacey Barr, pastor of Warren Free Methodist

church, will officiate and interment will be made in Youngsville cemetery.

GUY CARLETON IRVINE

Guy Carleton Irvine, son of Mr. and Mrs. Ralph W. Irvine, 1514 Pennsylvania avenue, west, died July 4, aged seven years. He was born in Warren July 3, 1943, and spent his entire lifetime here.

Besides his parents, he leaves three brothers and three sisters, Robert, Donald, Roberta, Rose, Jennie and Ralph, Jr., all at home, also his grandmother, Mrs. Mary O. Smith Philadelphia.

Removal has been made to the Leo D. Gibson Funeral Home, where friends will be received at the usual calling hours, starting at seven this evening, and from where services will be held at two o'clock Friday afternoon. Rev. David Carlson, pastor of Bethlehem Covenant church, will officiate and interment will be made in Oakland cemetery.

EMMA MAGILL KERNICK

Mrs. Emma Magill Kernick, widow of Arthur Kernick, died at 10 p. m. Monday at her home in Tidououte. Surviving her are four children: Mrs. Helen Stull, Connelville; Mrs. Kathryn Elliot, Erie; Edward, Tidououte, and Allan, Seattle, Wash., also one brother, Lyman Magill, Tidououte.

Friends are being received at the Sage Funeral Home Tidououte, and services will be held there at 2:30 p. m. Thursday. Rev. H. M. Stevenson will officiate and interment will be made in the Tidououte cemetery.

LEONARD DONALD SCALISE

A requiem high mass was sung at Holy Redeemer church at 9 a. m. Monday for Leonard Donald Scalise, 300 Lincoln avenue, who lost his life in an automobile accident near Smethport Thursday morning.

Father William J. Maloney, assistant pastor, officiated and the following served as bearers for interment in St. Joseph's cemetery: Richard Anderson, Dean Nelson, Marshall Olson, Ellsworth Babbitt, Louis Eckland and Richard Guild.

Attending the rites from away were Mr. and Mrs. Thomas Scalise and daughter, of Cincinnati, O.; Miss Aida Scalise, Jersey City, N. J.; Roland Martel, Herbert Dickson, Joan Spencer, Edith Menko, Mr. and Mrs. John Campbell, Betty Campbell, Mr. and Mrs. Roger Slinkman, Mr. and Mrs. Archie Robinson, Judy Rodich, Edward Charlton, George Kovak, Richard Fischer, Francis Gugley, Richard Guild, Emporium; Mr. and

SUBJECT: GUNS — Covered with coolie hats to keep out sun's rays, native troops at Tenshan, southern Formosa, attend an outdoor class in small arms instruction. Man in foreground is cleaning an American-made carbine.

Mrs. Louis Eckland, Smethport; Mrs. Frank Rich, Ridgway; Mrs. Joseph Summerville, Schenectady, N. Y.; Mr. and Mrs. Dean Nelson, Sheffield, Mr. and Mrs. Ellsworth Babbitt, Pittsburgh, Mr. and Mrs. Anthony Santos and children, Franklin Center; Mr. and Mrs. Elwyn Hildum and Elwyn Keith Hildum, Erie.

MALKER A. OLSON

Walker A. Olson, former resident of Sheffield, died at 10 a. m. Tuesday at his home in Prather avenue, Jamestown, aged 75 years. Born in Sweden July 28, 1874, he formerly operated a hotel in Sheffield, was a member of Bethany Lutheran church, Sheffield, and of the Sheffield Lodge, Order of Vasa. He had lived in Jamestown for the past five years.

Surviving are his wife, Jennie Hedstrom Olson; a son, Osborn, in Jamestown; one sister, Mrs. Richard Moore, Watsonville, Calif.; two brothers, Victor Olson, Jamestown, and Oscar D. Olson, in California; also two grandchildren, Julius E. Olson and Dale Allen Moore.

A prayer service will be held in the Henderson and Lincoln chapel in Jamestown and the final rites will be held from the Borden Funeral Home in Sheffield at a time to be announced later.

MRS. MARY J. DUDEK

Mrs. Mary J. Dudek died late Monday, July 3, at the family home, 187 Second street, Dunkirk, after a brief illness.

Born in Poland, she came to this country 81 years ago and lived in Dunkirk all those years. She was a member of St. Hyacinth's church.

She is survived by the following children, Mrs. Teresa Graminski, Dunkirk; Rev. Father Vincent Dudek, pastor of St. Augustine's church, Depew, N. Y.; Mrs. Carl Switalski, Buffalo, N. Y.; Ignatius Dudek and Mrs. Florence Bohn, Dunkirk, N. Y.; Dr. Stephen Dudek, Milwaukee, Wis.; Dr. Casimir Dudek, Niagara Falls, N. Y.; and Mrs. Anthony Galenis, 106 Canton street, Warren, a sister, Mrs. Agnes Wenserski, Bancroft, Wis., twenty grandchildren and six great grandchildren.

Funeral services will be held Thursday morning at ten o'clock with brief prayer services at the family home and a funeral mass at St. Hyacinth's church at 10:30. Interment will follow in the parish cemetery.

Doolittle Is Named
Winner of Award
As Decade Aviator

New York—(P)—Lt. Gen. James H. (Jimmy) Doolittle, leader of the daring first bombing raid on Tokyo, yesterday was named winner of the Harmon international aviation award as the outstanding aviator of the 1940-50 decade.

Miss Jacqueline Cochran was cited as the world's greatest aviator for the period and Vice Admiral Charles E. Rosendahl, commander of the U. S. Navy's wartime lighter-than air activities, was named the No. 1 aeronaut.

The awards were established in 1925 by the late Clifford Burke Harman, pioneer American aviator, as a means of promoting world peace and international good will.

The citation for Doolittle, now retired, reads:

"In recognition of his great leadership and airmanship during the period 1940-50. By his outstanding personal leadership, skill and courage he is symbolic of all who flew in the Allied cause during World War II."

Doolittle commanded the 8th Air Force in England and in the Far East. Before that, he led a squadron of B-25's on the first bombing mission over Tokyo.

Miss Cochran, who organized and directed the WASP—Women's Pilot Auxiliary Unit in Britain—was singled out for "her great piloting skill and numerous aeronautical accomplishments."

Rosendahl was cited for "his distinguished leadership" in lighter-than-air accomplishments during the war.

GARLAND

Dr. and Mrs. Kenneth Weihe and son, James, have arrived from Virginia and are visiting the latter's mother, Mrs. Lynn Chaffee, at Pittsfield. They were joined here by their other son, Whitney, who has just finished his freshman year in an Ohio college.

Word has reached Garland of the marriage July 1st of Louis Culver, Jr., and Marian Peterson, daughter of Mr. and Mrs. H. Peterson, in Bethlehem Lutheran church, Falconer, N. Y. The bridegroom is a son of Mr. and Mrs. Louis Culver, Sr., formerly of Garland but now of Titusville.

Wave N. Carlson has returned from several days with her son and family in Cleveland. Her son and family are leaving by automobile this week for their new home in Dallas, Texas.

Warren Burleigh, Spartansburg, is helping out at the home of John Wojtowicz.

Mr. and Mrs. Homer Frampton and family spent the weekend with the latter's parents, Mr. and Mrs. Marie Sandrock. Their daughter, Donna Kay, will spend the summer with her grandparents.

Mr. and Mrs. H. G. Irwin celebrated their 48th wedding anniversary June 25th. Garland friends extend sincere good wishes.

Mr. and Mrs. Wm. Vollmer and daughter, of Erie, were in Garland Sunday.

Little Tommie Yates of Erie has been visiting relatives here.

Mr. and Mrs. Glenn Horn and the former's mother have left for Alhquippa following several days here in the mothers home. Garland friends were glad to have this visit with them.

The Smith family, Wave Carlson and Myrtle Norman were in Westfield recently.

Sympathy is extended the family of Joe Hunt, whose death occurred recently at his home on Mickle Hill.

Jeannine Reslink, who has been with her grandparents in Meadville for more than a year, is back home with her parents.

The Smith family motored to Meadville Friday and brought home Ted, who spent a week at Allegheny College taking tests.

HERE AND THERE

(From Page Four)

that time the fireworks company stated it was the longest "falls" they had ever set off. . . . One of the attractions at "The Wigwag," roadside stand operated by Mr. and Mrs. Ray Miller near the big rocks on the Scandia road, is an India blue peacock which is exciting a lot of interest along with a pair of golden hamsters who perform on a wheel in their cage. The Millers report they are having a lot of company these days. . . . Bill posters were in town Wednesday, putting up window cards advertising the coming of Hagen Bros. Circus to North Warren, under the auspices of the Civic Club, July 14.
